031-21

# Zoologische Jahrbücher

## International Journal for Zoological Sciences

## ABTEILUNG FÜR ANATOMIE UND ONTOGENIE DER TIERE

Begründet 1886 von J. W. SPENGEL

Herausgegeben von RUDOLF BÄHRMANN, Jena
HERBERT HERAN †, Graz
ROLF KITTEL, Halle
ALEXEJ A. PANOV, Moskau
HEINZ PENZLIN, Jena
PETER SAUER, Bielefeld
GERHARD SCHÄLLER, Jena
JOACHIM-HERMANN SCHARF, Halle
VOLKER STORCH, Heidelberg

BAND 123 · 1993
Mit 223 Abbildungen

SEMPER BONIS ARTIBUS
GUSTAV FISCHER
JENA · STUTTGART · NEW YORK

## Inhalt/Contents

### Heft 1

STIBANE, F. A.: Histochemische Untersuchungen zur ontogenetischen Entwicklung acellulärer Teleostierknochen unter besonderer Berücksichtigung des Achsenskelets von *Aphanius mento* (HECKEL, 1843) (Pisces, Cyprinodontidae) Teil II: Entwicklung und Ossification der Flossen. Mit 26 Abbildungen
Histochemical Investigations of the Ontogenetical Development of Acellular Teleost Bones with Special Reference of the Vertebral Column of *Aphanius mento* (HECKEL, 1843) (Pisces, Cyprinodontidae) Part II: Development and Ossification of the Fins*) . . . . . 1

UHR, G., and MASSING, E.: A Simple and Rapid Method for the Demonstration of Collagen Fibres in Plastic Sections by Their Birefringent Character. With 3 Figures . . . . . 19

UHR, G., and BODE, S.: Enzymatic Demonstration of Langerhans Cells in the Epidermis of the Common Integument of the Norway Rat (*Rattus norvegicus* BERKENHOUT, 1769). With 2 Figures . . . . . 25

MÜLLER, R.: Kritische Anmerkungen zur Revision der Gattung *Orestias* (Pisces: Cyprinodontidae) durch PARENTI (1984). Mit 14 Abbildungen
Critical Remarks on the Revision of the Genus *Orestias* (Pisces: Cyprinodontidae) by PARENTI (1984) . . . . . 31

DA CRUZ-HÖFLING, M. A., and DA CRUZ-LANDIM, C.: Differentiation of the Follicular Epithelium During Oocyte Growth in the Amazonian Fish, *Crenicichla johanna* (Teleostei: Cichlidae). With 13 Figures . . . . . 59

FERRER, J. M., ALCOBER, V., TRIGOSO, C. I., TATO, A., and STOCKERT, J. C.: Cytological Observations on Blood Granulocytes of the Carp (*Cyprinus carpio* L.), with Special Reference of the Structure of Layered Inclusions within Specific Granules. With 5 Figures . . . . . 75

SONG, W., and PACKROFF, G.: Beitrag zur Morphogenese des marinen Ciliaten *Diophrys scutum* (DUJARDIN, 1841) (Ciliophora, Hypotrichida). Mit 8 Abbildungen
Contribution to the Morphogenesis of the Marine Ciliate *Diophrys scutum* (DUJARDIN, 1841) (Ciliophora, Hypotrichida) . . . . . 85

VENTURA, J., LÓPEZ-FUSTER, M. J., and GISPERT, E.: The Abdominal Arterial Pattern of the Northern Water Vole, *Arvicola terrestris* (Mammalia, Rodentia). With 1 Figure . . . . . 97

STARK, S. und VON KRAFT, A.: Die Entwicklung der Asymmetrie von Darmtrakt, Herz und Nuclei habenulae des Zwischenhirns beim Bergmolch (*Triturus alpestris*). Mit 8 Abbildungen
Ontogenesis of Asymmetry of Gut, Heart and Habenular Nuclei in the Newt (*Triturus alpestris*) 103

Buchbesprechungen/Book Reviews . . . . . 24, 84, 96, 124

---

*) Gedruckt mit Unterstützung der Hansischen Universitätsstiftung Hamburg.

### Heft 2

STIBANE, F. A.: Histochemische Untersuchungen zur ontogenetischen Entwicklung acellulärer Teleostierknochen unter besonderer Berücksichtigung des Achsenskelets von *Aphanius mento* (HECKEL, 1843) (Pisces, Cyprinodontidae) Teil III: Gesamtdiskussion und Literatur. Mit 26 Abbildungen
Histochemical Investigations of the Ontogenetical Development of Acellular Teleost Bones with Special Reference of the Vertebral Column of *Aphanius mento* (HECKEL, 1843) (Pisces, Cyprinodontidae) Part III: General Discussion and References*) . . . . . 125

SCHRÄPLER, R., SCHMIDT, T. und SCHULTKA, R.: Untersuchungen zur Anwendung von Polarisationsmikroskopie und Solaminrot-Färbung für den Nachweis von Kollagen. Mit 1 Abbildung
Investigations on the Application of Polarization Microscopy and Solamin Red Staining to the Visualization of Collagen . . . . . 155

BOU-RESLI, M. N., ELKHAWAD, A. O., and AL-ZAID, N. S.: Demonstration of Adrenergic Innervation in the Camel Facial Vein by Flourescence Histochemistry . . . . . 183

CAŁKA, J., KALECZYC, J., and MAJEWSKI, M.: Histochemical Demonstration of Acetylcholinesterase (AChE) Activity in Some Regions of the Hypothalamus in the Pig. With 10 Figures 187

FERNANDEZ-LEBORANS, G., and NOVILLO, A.: Morphology of a Stichotrichid Marine Ciliate: Considerations about Some Species of the Suborder Urostylina (Protozoa) . . . . . 197

KRUTSAY, M.: Histologische Untersuchung des Ovariums mit einem neuen Färbungsverfahren. Mit 3 Tabellen
Histological Examination of the Ovary with a New Staining Method . . . . . 211

DE CARVALHO, I. M., VALENTE, M. M., and ORSI, A. M.: Ultrastructure of Esophageal Basement Membrane and Connective-Epithelial Junction of a Terrestrial Mollusc *Megalobulimus oblongus* (MULLER, 1774) (Gastropoda – Pulmonata). With 5 Figures . . . . . 217

KIERDORF, H.: Das Auftreten mandibularer und maxillarer erster Praemolaren beim Reh (*Capreolus capreolus* L.) in ontogenetischer und evolutiver Sicht. Mit 13 Abbildungen
Ontogenetic and Evolutionary Aspects of the Occurrence of Mandibular and Maxillary First Premolars in Roe Deer (*Capreolus capreolus* L.) . . . . . 227

Buchbesprechungen/Book Reviews . . . . . 216, 244

---

*) Gedruckt mit Unterstützung der Hansischen Universitätsstiftung Hamburg.

## Heft 3

BATTENFELD, Ch., BIELEFELD, U., BECKER, W., and BRETTING, H.: Light- and Electronmicroscopical Studies on the Embryonic Development of the Snail *Biomphalaria glabrata* (SAY). With 16 Figures . . . . . 245

SMIRNOV, S. V.: The Anuran Amphibian Papilla Development, with Comments on Its Timing, Rate, and Influence on Adult Papilla Morphology. With 5 Figures . . . . . 273

PANOV, A. A.: Neurosecretion in the Larval Brain of *Rhithrogena asiatica* SINITISH (Ephemeroptera, Insecta). With 12 Figures . . . . . 291

WASOWICZ, K., MAJEWSKI, M., KALECZYC, J., CALKA, J., and LAKOMY, M.: Acetylcholinesterase-Positive Innervation of the Ureter, Urinary Bladder, and Urethra in the Cattle. With 14 Figures 299

GILL, T. S., PANDE, J., TEWARI, H., and LAL, S.: Impairment of Oocyte Maturation by Long-term Exposure to Pesticides in the Rosy Barb, *Barbus conchonius* HAMILTON. With 4 Figures . . . 307

MARIGÓMEZ, I., SOTO, M., ETXEBERRIA, M., and ANGULO, E.: Effects of Size, Sex, Reproduction, and Trematode Infestation on the Quantitative Structure of Digestive Tubules in Stressed Winkles. With 6 Figures and 7 Tables . . . . . 319

WÖHRMANN-REPENNING, A.: The Vomeronasal Complex – A Dual Sensory System for Olfaction and Taste. With 5 Figures . . . . . 337

ROŚCISZEWSKA, E., and JANKOWSKA, W.: Morphological Studies of the Egg Capsule During Eclosion and of the First Instar Nymph of Stone Fly *Perla pallida* (Plecoptera: Perlidae). With 6 Figures . . . . . 347

Buchbesprechungen/Book Reviews . . . . . 272

## Heft 4

WÖHRMANN-REPENNING, A.: The Anatomy of the Vomeronasal Complex of the Fox (*Vulpes vulpes* (L.)) under Phylogenetic and Functional Aspects. With 5 Figures . . . . . 353

GAMBARYAN, P. P., and GASC, J.-P.: Adaptive Properties of the Musculoskeletal System in the Mole-Rat *Myospalax myospalax* (Mammalia, Rodentia), Cinefluorographical, Anatomical, and Biomechanical Analyses of Burrowing. With 23 Figures and 9 Tables . . . . . 363

ARÉVALO, R., ALONSO, J. R., BRIÑÓN, J. G., PORTEROS, A., and AIJÓN, J.: NADPH-Diaphorase Histochemical Technique in the Teleost Brain. With 1 Figures . . . . . 403

DA SILVA, A. M. N., DE CAMPOS SOARES, J., and CURY, P. R.: Study of Muscle Fibres and Myoneural Junctions in the Abdominal Oblique Muscles of Guinea-pigs. With 6 Figures and 1 Table . . . . . 411

MELNIKOVA, E. Ju., and PANOV, A. A.: The Ultrastructure of the Retrocerebral Neuroendocrine Organs of *Chironomus Plumosus* L. Larvae (Diptera, Chironomidae). With 21 Figures . . . 423

Buchbesprechungen/Book Reviews . . . . . 362, 402, 410, 422, 448
